Sir,

Sub:- Your request for getting "Registration Number" for availing subsidy for installation of Solar Power Plant Under "Solar Connect " Grid connected Solar Rooftop Power Plant programme.

Your Application for getting registration number for availing subsidy for installation of Solar Rooftop Power plant has been received and registration number is allotted as given below

Application Number allotted by ANERT	Date of allotment of application Number	Registration Number Allotted	Date of allotment

The Validity of Registration Number is 60 days from the date allotment. The installation has to be completed within this period and completion report has to be submitted to ANERT District office.

Installation should meet the technical compliance requirement for the programme and all the formalities and documentation has to be completed and submitted to ANERT as per the guidelines.

Getting Scheme approval, Energisation approval and from the Electrical inspectorate and connectivity from Electrical Utility is the sole responsibility of the beneficiary and the agency installing the system.

Yours faithfully
